S.N.	Equipment Name	Category	Specification / Description	Unit	Qty	Remarks
10	Ambu Bag / BVM — Neonatal	Medical Device	Manual resuscitator sized for newborns.	set	1	
11	Oxygen Concentrator	Utility/Gas	Generates continuous medical oxygen from room air; main O2 source.	set	1	
12	12-Channel ECG Machine	Medical Device	Records heart electrical activity; cardiac and pre-op screening.	set	1	
13	Multi-Para Patient Monitor (SpO2, NIBP, ECG)	Medical Device	Monitors vitals for unstable patients in emergency/ward.	set	1	
14	Defibrillator / AED with Paddles	Medical Device	Delivers electric shock to restore normal heart rhythm in cardiac arrest.	set	1	
15	Emergency Crash Cart & Resuscitation Kit	Furniture/Tool	Mobile cart holding resuscitation drugs/equipment for rapid response.	set	1	
16	Laryngoscope Set + ET Tubes	Medical Device	Airway management for intubation during emergencies/anesthesia.	set	1	
17	Magill / Alligator Forceps	Medical Device	Airway foreign-body removal, used with laryngoscope set.	set	1	
18	Infusion Pump	Medical Device	Delivers IV fluids/medications at a precise, controlled rate.	set	1	
19	Syringe Driver / Pump	Medical Device	Delivers small-volume medications (insulin, sedatives) continuously and precisely.	set	1	
20	Evidential Breath Alcohol Analyzer	Medical Device	Medico-legal alcohol testing device (police/court referral cases).	set	1	
21	Semi-Fowler Hospital Bed with Mattress (Manual)	Furniture	Standard adjustable ward bed with backrest/knee-rest.	set	1	
22	Hospital Bed — Electric (3-function)	Furniture	Motorized adjustable bed for critical/dependent patients.	set	1	
23	Bedside Locker & Overbed Table Set	Furniture	Storage and dining surface at each bed.	set	1	
24	Stainless Steel IV Stand	Furniture	Holds IV fluid bags at bedside.	set	1	
25	Patient Transport Wheelchair	Furniture	Patient mobility within the facility.	set	1	
26	Patient Bed / Stretcher (with railings)	Furniture	Transports patients between departments (emergency, OT, ward).	set	1	
27	Birthing Bed / Multi-position Delivery Table	Furniture	Table for conducting normal deliveries.	set	1	
28	Shadowless Mobile LED Delivery Light	Medical Device	Focused, shadow-free lighting for delivery procedures.	set	1	
29	Handheld Fetal Doppler	Diagnostic	Monitors fetal heart rate during antenatal checkups and labor.	set	1	
30	Cardiotocography (CTG) Machine / Fetal Monitor	Diagnostic	Continuously tracks fetal heart rate and uterine contractions during labor.	set	1	
31	Radiant Infant Warmer with Microprocessor Control	Medical Device	Keeps newborn warm and supports initial resuscitation after birth.	set	1	
32	Neonatal Resuscitation Kit & T-Piece Resuscitator	Medical Device	Bag-mask, suction bulb, and warming setup for birth asphyxia.	set	1	
33	LED Phototherapy Unit	Medical Device	Treats neonatal jaundice using targeted blue light therapy.	set	1	
34	Infant Weighing Scale & Length Board	Diagnostic	Digital baby weighing/length measurement for newborn care.	set	1	
35	Hydraulic / Electric OT Table	Furniture	Operating table for minor surgical procedures.	set	1	
36	Mobile Shadowless OT Light (Double Dome)	Medical Device	Even, shadow-free lighting over the operating field.	set	1

S.N.	Equipment Name	Category	Specification / Description	Unit	Qty	Remarks
37	Minor Surgical Instrument Set	Surgical	Instruments for suturing and minor surgical procedures.	set	1	
38	Local / Spinal Anesthesia Set	Medical Device	Regional anesthesia for minor OT procedures and deliveries.	set	1	
39	Electro-Surgical Cautery Unit (Monopolar/Bipolar)	Medical Device	Seals blood vessels/cuts tissue during surgery.	set	1	
40	Horizontal Steam Autoclave / Sterilizer (75L)	Sterilization	Sterilizes surgical and delivery instruments — core infection control.	set	1	
41	Instrument Tray	Sterilization	Sterile tray for holding prepared instruments.	set	1	
42	Dressing Trolley & Minor Instrument Set	Furniture/Tool	Mobile trolley for carrying sterile instruments to bedside/OT.	set	1	
43	3-Part Differential Automated Hematology Analyzer	Diagnostic	Automated complete blood count (CBC) testing.	set	1	
44	Semi-Automated Biochemistry Analyzer	Diagnostic	Tests blood sugar, liver/kidney function, electrolytes, etc.	set	1	
45	Electrolyte Analyzer (Na ⁺ /K ⁺ /Cl ⁻)	Diagnostic	Direct electrolyte testing; overlaps partly with biochemistry analyzer.	set	1	
46	Binocular Compound Microscope	Diagnostic	Manual microscopy — malaria, urine, stool, sputum (AFB) examination.	set	1	
47	Clinical Centrifuge (16 Tube)	Diagnostic	Separates blood components for testing (serum/plasma).	set	1	
48	Laboratory Refrigerator (2-8°C) for Reagents	Utility	Cold storage for reagents and blood samples.	set	1	
49	Water Bath	Diagnostic	Automated urinalysis and lab water bath for various tests.	set	1	
50	X-ray Machine (100 mA) — CR or DR digitization	Diagnostic	Digital X-ray for bone, chest, and abdominal imaging.	set	1	
51	Color Doppler Ultrasound (USG) with Convex & TVS Probes	Diagnostic	Ultrasound for obstetric, abdominal, and general diagnostic use.	set	1	
52	H Pylori Stool Antigen Test Kit	Diagnostic		set	1	
53	ELISA Analyzer	Diagnostic		set	1
